

JCS TECHNOLOGIES

Fibre Optic Through Adaptors

FIBRE OPTIC THROUGH ADAPTORS

JCS Technologies range of high quality zirconia sleeve through adaptors includes all the most common types in reduced flange style for easy patch panel integration.

Stock standard U/PC and A/PC with Unibody or two piece design in range of colours. The performance of the adaptors have been carefully designed to meet the toughest Telcordia standards.

All adaptors come with high quality dust caps which can also be purchased separately if requiring extra. Both inner and outer shutter options are available upon request.

A wide range of adaptors are offered to cover standard, legacy and specialty fibre connectors and in a range of mounting configurations and colours.

LCD/LCQ/SC/SCD

FEATURES

- High quality Zirconia sleeve design
- LC, SC, MTRJ, FC, and ST types
- Dust caps supplied
- Colour coded to IEC standard
- IEC, EIA/TIA and GR-326-CORE compliant
- SL/LC Unibody one piece
- Internally shuttered option available
- RoHS, REACH SvHC compliant

ORDERING INFORMATION

ADP-XXX-XX-XXXX

CONNECTOR TYPES

SC - SC SIMPLEX **ST** - ST SIMPLEX
SCD - SC DUPLEX **FC** - FC SIMPLEX
LCD - LC DUPLEX **E2K** - E2000
LCQ - LC QUAD **MTR** - MTRJ

COLOUR CODE

AQ - AQUA **GN** - GREEN
BE - BEIGE **YL** - YELLOW
BU - BLUE **RD** - RED

PACK SIZE

6PK - 6 PACK
12PK - 12 PACK

EXAMPLE: LC DUPLEX AQUA - 6 PACK = ADP-LCD-AQ-6PK

SC/LCD CLEAR SHUTTERS

ADP-SC-LCD-CLEAR-SH

JCS Technologies stocks a clip on clear outer shutter that can be used on both SC Simplex and LC Duplex adaptors. Simply clip onto adaptors for complete eye safety.

- Quality Durable clear shutter
- Suits SC Simplex and LC Duplex adaptors
- Easy to clip adaptors without tooling
- Secures firmly to adaptor
